

PDU'S

Universal PDU's
to cater for any application

As the only Power Distribution Unit specifically designed for purpose, the Prism PDU is the socket strip of choice for 19" technology racking systems, enclosures and associated applications. Simplicity, quality and the option of enhanced features are the keynotes.

Simplicity of use, with numerous standard built-in options such as a fully shrouded neon mains switch, multiple choice of socket orientation and external earth tag, all designed to suit the latest rack and enclosure designs.

Simplicity of mounting is provided with a choice of four standard mounting modes that includes three-way clip feet for end, concealed and side mounting. Alternatively unique integral pull-out front brackets for horizontal 19" or flush zero-U mounting. Since every PDU comes complete with

both clip feet and pull-out brackets, the installer can have confidence that the strip can be adapted to suit any on-site rack configuration.

Whether a basic product design or application specific solution, the Prism PDU system embodies quality at all stages of the manufacturing process. It's tough yet attractive powder coated aluminium body is complimented by industrial strength polycarbonate end caps, fixings which provide inherent isolation from the rack body, an essential requirement for many communication applications. The sockets themselves feature self-adjusting cable terminations that allow for rapid assembly and eliminate the risk of dropped cables due to vibration or thermal cycling.

PRODUCT FEATURES & BENEFITS

- Fully shrouded neon mains switch allows localised control without the risk of accidental switching
- UK, IEC320, Schuko and French sockets readily available. All except IEC have a choice of orientation at 45-degree steps. UK sockets feature self-adjusting cable terminations for increased safety
- External earth tag allows the rack or enclosure body to be earthed via the mains lead of the PDU
- Multiple mounting options via integral 19"; flush mounting brackets or clip-feet supplied with every unit
- rPower™ RS232 remote power management
- Tough yet attractive powder coated aluminium body combine with industry grade polycarbonate end caps for the ultimate in style and strength. The fixings also provide isolation between the PDU and rack body

- Fully shrouded neon mains switch

- UK, IEC320, Schuko and French sockets

- External earth tag

- Multiple mounting options

- Tough yet attractive powder coated aluminium body

PDU

Standard PDU's		
PDU4	4 Way universal power unit	-
PDU5	5 Way universal power unit	-
PDU6	6 Way universal power unit	-
PDU8V	8 Way vertical power unit	-
PDU10V	10 Way vertical power unit	-
PDU12V	12 Way vertical power unit	-

Filtered PDU's		
PDU4-FIL	4 Way filtered universal power unit	-
PDU5-FIL	5 Way filtered universal power unit	-
PDU6-FIL	6 Way filtered universal power unit	-
PDU8V-FIL	8 Way filtered vertical power unit	-
PDU10V-FIL	10 Way filtered vertical power unit	-
PDU12V-FIL	12 Way filtered vertical power unit	-

IEC Power units		
PDU4-IEC	4 Way IEC universal power unit	-
PDU5-IEC	5 Way IEC universal power unit	-
PDU6-IEC	6 Way IEC universal power unit	-
PDU8V-IEC	8 Way IEC vertical power unit	-
PDU10V-IEC	10 Way IEC vertical power unit	-
PDU12V-IEC	12 Way IEC vertical power unit	-

16 Amp Comando units (BS4343)		
PDU4-16amp	4 Way universal power unit with 16 amp comando plug	-
PDU5-16amp	5 Way universal power unit with 16 amp comando plug	-
PDU6-16amp	6 Way universal power unit with 16 amp comando plug	-
PDU8V-16amp	8 Way vertical power unit with 16 amp comando plug	-
PDU10V-16amp	10 Way vertical power unit with 16 amp comando plug	-
PDU12V-16amp	12 Way vertical power unit with 16 amp comando plug	-

32 Amp Comando units (BS4343)		
PDU4-32amp	4 Way universal power unit with 32 amp comando plug	-
PDU5-32amp	5 Way universal power unit with 32 amp comando plug	-
PDU6-32amp	6 Way universal power unit with 32 amp comando plug	-
PDU8V-32amp	8 Way vertical power unit with 32 amp comando plug	-
PDU10V-32amp	10 Way vertical power unit with 32 amp comando plug	-
PDU12V-32amp	12 Way vertical power unit with 32 amp comando plug	-

Mini Monitor		
PMM-IC01	Mini monitor inc temperature	-
PRS-TAH01	Remote temperature, airflow & humidity	-
PRS-TAH02	Remote temperature, airflow & humidity	-
