

CYBERVIEW SERIES

LCD Keyboard Drawer

- 1U/2U 15", 17" or 19" TFT LCD Screen
- Two Keyboard selections "e" and "b" support multiple languages
- Optional integrated KVM
- Minimum rack space required

Prism CyberView RKPI 15"/17"/19 inch LCD Screens 1U/2U rack mountable LCD, keyboard and KVM drawers. Using the optional integrated USB or PS/2 KVM allows you to connect to up to 16 servers, in addition to this the KVM drawer can be cascaded 'or stacked' with our CV series of KVM switches to enable access to up to 128 servers. Remote or two consoles KVM can either be, via the WorldWideWeb using secure IP access or within the building using a secure physical KVM extender connection via a Cat5 cable.

PRODUCT FEATURES & BENEFITS

1U/2U LCD Screen/Keyboard Drawer

Space saving 1U design, incorporating LCD screen & keyboard **15" / 17" / 19" TFT LCD Screen** Available in 3 LCD screen sizes, all in a 1U unit

Built in on screen display controlled by integral membrane switches

Allows adjustment of color, contrast, brightness, H Position, V position, Auto Configure, OSD, etc

Unique modular mechanical design

Allows easy component level replacement and provides a KVM migration path

Extended Slide rails provide clearance distance between rack panel mounts and the rear of the LCD Screen

Allows protruding equipment i.e. servers and patch panels to be mounted directly above the drawer, without interference

Slide rails have two friction stops to prevent movement of the keyboard

Allowing comfortable working on unit while maintaining safety practices

A selection of keyboards & mouse options

Available with notebook keyboard and either trackball or touchpad mouse

Full selection of keyboard languages

Available in European (UK), US, Spanish, German, French, Italian & Norwegian

All mounting hardware included

Allows simple, quick and secure installation

WITH KVM SWITCH:-

8 or 16 Port KVM

Available with PS/2 or USB KVM switch options, cascade able up to 128 servers

Built in integral KVM membrane switch

Allows user to choose server selection via membrane button or 'hot' keys via OSD

Multiplatform

Provides instant switching between PC's, SUN's, IBM's, HP's, Compaq, and DELL platforms

Stay Alive Feature

Safeguards server for power loss to switch

Access Password Security

Supports eight character password protection and search feature for specific PC or server name

Auto Scan Mode

Monitor your servers at intervals 5-99 seconds, set by user

Supplied with 8 x 6 C series KVM connecting cables

Supports good rear cable management via the use of 8 x 3 in 1 KVM Cables

THE CYBERVIEW SOLUTION...

CyberView offers its users a flexible, space saving, cost effective method of managing multiple servers from a single unit, either locally within the data centre, or remotely via the World Wide Web using secure IP access.

CyberView is available in 1U and 2U height options, depths include 440mm for 600 deep racks or 650mm for 800 deep racks, with complete unit configuration flexibility of simply LCD drawer; Keyboard drawer; LCD Keyboard Drawer or LCD Keyboard Drawer with KVM (Keyboard, Video and Mouse) switch.

To cater for today's ever demanding working environments and applications CyberView is available in 15, 17 or 19" LCD screens with a wide selection of keyboard layouts and languages, including vendor application specific units i.e. full SUN Microsystems Solaris v10 compatibility when using our S Series solutions.
